PROFESSIONAL SUMMARY

Results-driven B.Sc. Electrical and Electronics Engineering graduate with practical experience in electrical systems, procurement, and field operations. Proven track record working with Huawei Power Equipment, Nigerian Ports Authority (Electrical & Corrosion Department), and the World Health Organization as a Field Recorder using ODK. Skilled in technical documentation, data management, advanced Excel, and remote collaboration. Eager to bring strong technical, analytical, and operational skills to a dynamic engineering or technical role.

TECHNICAL SKILLS

- Power Equipment & Systems: Huawei Rectifiers, PSU, Hybrid Power Solutions, DC Power Systems.
- Field Data Collection: ODK App, GPS Mapping, Mobile Data Recording.
- Software & Tools: Advanced Microsoft Excel (Pivot Tables, VLOOKUP), AutoCAD, MATLAB, Power BI (Basic).
- ERP Systems: SAP, Oracle.
- Collaboration Tools: Microsoft Teams, Zoom, Google Workspace.
- Electrical Maintenance & Corrosion Control.

INTERPERSONAL SKILLS

- Strong Communication and Team Collaboration
- Adaptability and Quick Learning
- Problem-Solving and Critical Thinking
- Time Management and Attention to Detail
- Ability to Work in Field and Remote Environments
- Stakeholder Coordination

WORK EXPERIENCE

Nigerian Ports Authority (NPA) NYSC Corps Member – Electrical and Corrosion Department
Lagos, Nigeria | 2025-2026

- Assisted in maintenance and troubleshooting of electrical systems and equipment
- Supported corrosion control and prevention on marine structures and port facilities
- Handled dispatch, distribution, filing, and proper documentation of official and technical files
- Conducted routine electrical inspections and generated technical reports

- Participated in preventive maintenance schedules for electrical assets
- Collaborated with engineers and multidisciplinary teams to ensure operational efficiency

Middle Point Nigeria Limited

Procurement Officer

Lagos, Nigeria | 2019 – 2022

- Streamlined inventory tracking using digital databases, improving accuracy by 30% and reducing stock discrepancies
- Negotiated vendor contracts virtually, achieving 10% annual savings on office supplies while maintaining policy compliance
- Supported administrative work flows using cloud-based tools, ensuring timely deliveries and operational efficiency

Huawei Technologies

Power Department Intern

Lagos, Nigeria | (August 2023 - November 2023)

- Gained hands-on experience with Huawei power systems including rectifiers, PSU, and hybrid power solutions
- Supported installation, maintenance, and troubleshooting of DC power systems for telecom sites
- Assisted in power equipment testing, monitoring, and performance optimization
- Participated in site surveys and technical documentation of power infrastructure
- Collaborated with engineering teams to ensure reliable power supply and system efficiency

EDUCATION

Enugu State University of Science and Technology (ESUT)

B.Sc. Electrical and Electronics Engineering – Second Class Honour

2019 – 2024

Aradox Secondary School

SSCE

CERTIFICATIONS

- Certified Procurement Professional (CPP) – Udemy, 2025
- Introduction to Supply Chain Management – Coursera, 2024

- Microsoft Excel for Data Analysis – Coursera, 2024
